People are always asking me, "What do you have to say about Fashion?" Well, fashion can make you truly happy, or it can make you really sad. It's a mixture of "I don't give a damn," and "I can't think of anything else!" If your dog wags his tail when he sees you dressed in the morning, that's a good review — but if he barks, change it! Fashion wants us to be peaceful — throw those guns away! — and turn the swagger we feel walking tall down the street into a revolution. When you're dressed in something called "fashion", you can freely call each other "brother or sister", regardless of colour, religion or gender. But most of all, the word FASHION should be changed to your name — "It's so Sally, that's so Benny, that look screams Louise."
